Programming Language - Basic Study Plan

Week 1 : Control Structures - Part 1 (if, if-else, if-else-if-else) + (While)
logical operators + Relational Operators

Week 2 : Control Structures - Part 2 (for, do-while, switch) + logical operators
+ break, continue

Week 3 : Arrays and Strings - Part 1 : Arrays
Part 2 : Multidimensional Arrays
Part 3 : Manipulating elements
Part 4 : Arrays and Strings

Week 4 : Structures - Part 1 : Structures
Part 2 : Arrays and Structs

Week 5 : Functions/Methods - Part 1 : Functions
Part 2 : Functions and Structures

Week 6 : Pointers - Part 1 : Intro to pointers
- Part 2 : Arrays and Pointers
- Part 3 : Functions and Pointers

Week 7 + Week 8 : File Handling - Part 1 : Files (Reading and Writing)
- Part 2 : Files, pointers, functions and Arrays
