Subject Group:	FNAS - CS & IS
Module Code:	CMPG311
Module Name:	Databases
Year:	2024

Overview:

The assessment plan for CMPG311 will be adapted as required. The aim is to have a learning portfolio (participation mark) as well as a written exam whereby both components contribute equally (50:50) to the final module mark for CMPG311.

Learning Portfolio (Participation mark) as formative assessment

The assessment components provided below form part of the participation marks.

The weights as indicated is merely an estimate however, the list below provides the order of importance (those listed first baring the most weight):

- 1) Project
- 2) Semester test
- 3) eFundi tests
- 4) Homework & Assignments
- 5) Revision Quizzes

CMPG311 - Learning Portfolio	
Nr. Of Assessments:	5
<u>Weights:</u>	
Assessment 1 - Project	40%
Assessment 2 - Semester test	30%
Assessment 3 - eFundi tests	10%
Assessment 4 - Homework & Assignments	10%
Assessment 5 - Revision Quizzes	10%
	100%

Assessment details:

1) Assessment 1: Project

[40%]

Group Project

Weighting: $\pm 40\%$ (*Project completed in the form of 3 assignments*)

Group project to implement an operational database (i.e. database designed to primarily support a company's day-to-day operations) in Oracle SQL Developer. The project is completed in groups of 5 - 8 students and will include the implementation of the following phases of a database life cycle:

- Database initial study,
- Database design, and
- Physical design (implementation and loading).

2) Assessment 2: Semester test [30%] Sit-down Semester test Weighting: ± 25% Semester test scheduled during the assessment period in the middle of the semester. The venues, content and specifics of the semester test will be made available on eFundi.
3) Assessment 3: eFundi tests [10%] Timed Tests on eFundi Weighting: ± 13% Timed Tests completed on eFundi. These tests will consist of true and false, multiple choice, short answer questions and may include longer, open ended questions or exercises. The tests will count a total of 60 marks and students will have 40 minutes to complete the test.
4) Assessment 3: Homework & Assignments [10%] Homework & Assignments Weighting: ± 12% Individually completed assignments with short questions, scenarios or exercises to be completed and submitted on eFundi as indicated/communicated.
5) Assessment 4: Revision Quizzes [10%] Revision Quizzes on eFundi Weighting: ± 10% Revision Quizzes are available to be completed after each chapter/study unit. It is used to deepen the student's theoretical understanding and show which topics have been mastered and which topics need more work. Each revision test consisted of true and false, multiple choice and short answer questions.

*Preliminary schedule, NOT final

Preliminary schedule, NOT final							
Week	Date	Study Unit	Chapter	Description	Tests	Project, Assignments, HW	Revision Quizzes
1	12-Feb	1	1	DB systems and data models			RevisionQuiz (SU1-Ch1)
2	19-Feb	1	2	"			RevisionQuiz (SU1-Ch2)
3	26-Feb	2	9	DB design		Assignment 1	RevisionQuiz (SU2-Ch9)
4	04-Mar	3	3	Relational DB model	Test 1 - SU 1,2 (Ch 1,2,9)		RevisionQuiz (SU3-Ch3)
5	11-Mar	4	4	Entity-relationship modelling		Assignment 2	RevisionQuiz (SU4-Ch4)
6	18-Mar	4	5	"			
7	Recess (22 Mar - 28 Mar)						
8	01-Apr	4	5	"		Project - Part 1	RevisionQuiz (SU4-Ch5)
9	08-Apr	5	6	Normalisation	Test 2 - SU 3,4 (Ch 3,4,5)		RevisionQuiz (SU5-Ch6)
10	15-Apr	6		SQL - Introduction to SQL		Project - Part 2	
10	Assessment opportunity (22 April - 03 May)				Semester test (xx Apr @ xx:xx) - Sit Down - SU 1 - 5 (Ch 1,2,9,3,4,5,6)		
10							
11	06-May	7		SQL - Objects in SQL	Test 3 - SU 5,6 (Ch 6 & SQL)		RevisionQuiz (SU6 & 7)
12	13-May	8		SQL - More advanced SQL		Final Project - Due	RevisionQuiz (SU8)
13	20-May			"			
1st Opportunity Exam - 2024/05/28 @ 14:00							
2nd Opportunity Exam - 2024/07/03 @ 14:00
